Business Development Manager

✉ nicoletta@eazycity.com

Nicoletta joined the EazyCity Family in 2014. She lived and worked abroad between Italy, France, Spain and Ireland. Her extensive experience in the Study Abroad Industry and her dedication, will help you to organize a life changing experience for your students.

What she loves most of her job is traveling, meeting new people, building long-lasting relationships, constant problem solving and helping partners with kindness and efficiency.

Costanza has been revolving around EazyCity for the past 10 years. At the very beginning she just helped on a part time basis. Then, she realised that working in the Language Study Travel industry, building long-lasting relationships with business partners, helping students to organise their first experience abroad would bring out the best in her.

Today Costanza manages the International Programmes department at EazyCity.

She had lived and worked in Ireland for 12 years while more recently she managed to balance her life by living between Ireland and Italy.

Internships

Onsite & Remote Internships

**40+ professional fields. Customised programs.
Tutoring and on-site support.**

EazyCity has developed high-quality and well-defined internship programs in Cork, Dublin, Galway, Valencia, Barcelona, Madrid, Florence and Rome over the past years. We have a strong local network of host companies and an international team to provide support.

If you are looking for a reliable and experienced partner to provide a life-changing experience to your clients, EazyCity is the perfect choice!

ON-SITE INTERNSHIPS

 *Ireland, Spain, and Italy*

For almost 20 years EazyCity has been helping young students and graduates to find tailor-made internships in a wide range of fields. We provide specific internship opportunities according to educational and professional goals.

By working closely with both the candidate and the host company before, during and after the internship we can ensure a successful placement and learning outcome.

Placements are generally unpaid with the emphasis placed on quality work placements, which could still lead to paid opportunities.

Our onsite internships can be organised in the following sectors:

- Agriculture & Agri-Food
- Architecture and Design
- Arts, Design & Fashion
- Beauty & Cosmetics
- Business & Administration
- Catering & Hospitality
- Communication & Media
- Customer Service & Reception
- Electrical Engineering
- Entrepreneurship
- Finance & Accountancy
- Human Resources
- Health & Nursery
- International Trade and Business
- IT and Computer Science
- Marketing & Sales
- Mechanical Engineering
- Retail & Sales
- Sustainability
- Telecommunication
- Tourism & Leisure
- Many more...

What's included?

Work placement search and Introduction to the host company

Meeting with a member of our team and induction to host company

EazyCity support during the entire work experience

Certificate of Attendance and Reference Letter (also useful for school programs and for work opportunities).

Paperwork management

Dedicated support from the company tutor

Requirements are subject to
host company, education, language skills and duration of the internship.

 *Ireland, Spain, and Italy*

The move to remote work is a huge cultural shift and every student should be ready for it.

We believe internships are a crucial first step for students so we have adapted our internship program to boost students and young professionals' careers.

The virtual internships can provide not only technical skills, but can offer networking opportunities for students who would like to work in a specific country after graduation or for those who have been studying the country's language and culture and wish to expand those skills and understanding.

The Virtual Internship is a flexible and highly accessible solution available for all those students or young professionals who can't travel abroad. Our online internship experience will allow students to have a virtual international internship experience, from home.

Available fields:

- Administration,
- Business & Sales,
- Marketing & Graphic Design
- Customer Service,
- IT and Web,
- Finance & Account,
- Communication & Media
- And more...

How it works?

As with all our services, our role is to take the hard work out of travel, work and live abroad experiences so it becomes easy, hassle-free and achievable for everyone. Once we sign an annual partnership agreement, we start to work on the internship as follows:

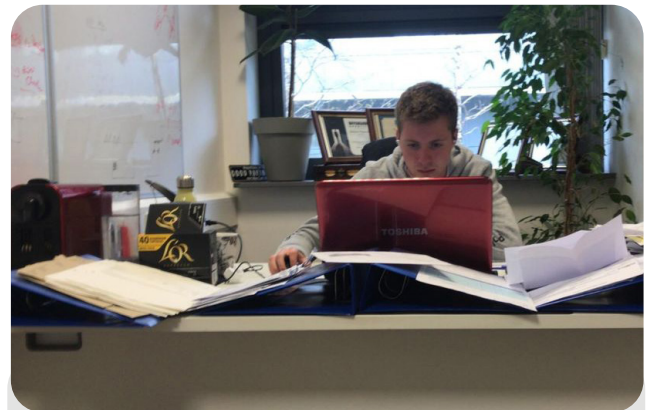

Students Testimonials

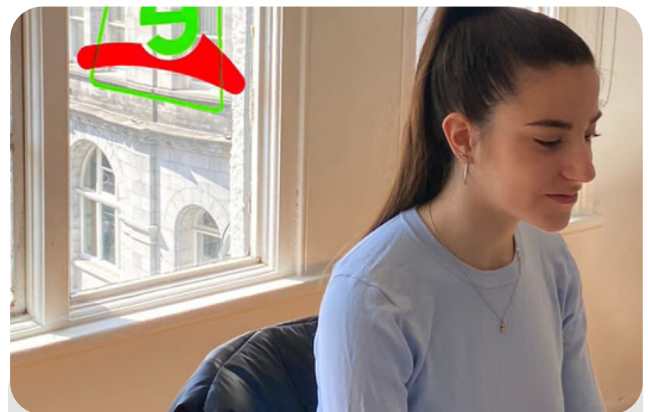

I am doing an internship in Cork, in Marketing and Advertising. My host company is an Irish start-up creating luxury candles and lifestyle products in which I feel very comfortable. I really like what I do in the company and in addition to learning a lot about this sector, I am improving my English most importantly. Here, it is very different from Spain, in the way the work. I am doing my internship during the COVID-19 crisis, so there are some restrictions in place, but I would repeat this experience again.

Berta Estébanez

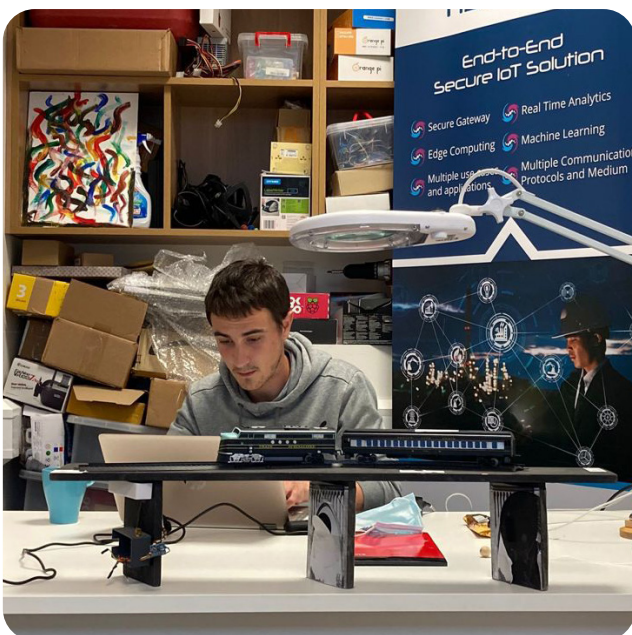

My expectations have been met, I am in a company that I really like what I do, I am very comfortable with my colleagues and boss, I am learning a lot about the company and how to work hard.

Sergio Vivas

In these practices i am very happy, since I like how they are organized, I am learning a lot and I feel very comfortable in it. Some days i can do an analysis of something, another day a marketing plan, make a blog.

Groups

**Tailor-made solutions. Competitive rates.
EU Funded projects**

Bringing a group of students abroad is a huge responsibility for any school or educational organisation; as exciting as it may appear at the outset, the reality is that organising and managing every aspect of an overseas group stay can be a pressurised and daunting experience.

That's where we can help!

Bringing a group of students abroad is a huge responsibility for any school or educational organisation; as exciting as it may appear at the outset, the reality is that organising and managing every aspect of an overseas group stay can be a pressurised and daunting experience. That's where we can help!

We are experts in organising and managing group stays as part of European projects such as: Erasmus +, PON, ASL, Mini- Stay, School Trips and Faculty- Led Programs.

We can arrange programs following the brand-new concept of **"blended mobility"**, in which the internship or the course is organised complying with the "distance learning" methodology.

We take pride in being simply the best, for 3 main reasons:

1. We work closely with the candidates and host companies; therefore guaranteeing the **best experience** for both parties.
2. We manage **ALL services** (accommodation, internships, meals, activities, and a lot more besides) which ensures we always have complete control over quality and standards.
3. We have developed a **network of high-quality service providers** in our cities around the world; this means you can trust us to create the best group stays and to organise interesting and unique group packages; most importantly at the best possible price!
